

Career Ranking

Directions:

Before viewing the presentation, rank the following careers according to your interests. One would be the career you are most interested in pursuing and five would be the career you are least interested in pursuing.

Occupation	Pre-Rank	Final Rank
Web Designer		
Webmaster		
3-D Animator		
Virtual Reality Specialist/ Graphic Artist		
Multimedia Producer		

After viewing and discussing the presentation, re-rank your career list to see if your interests have changed.

Using your top two career choices, complete the following comparisons.

1. Describe how the careers are different.
2. Describe the skill sets needed for each occupation.
3. Compare the work environments of these occupations.

Career Ranking

4. Describe the salary differences of these careers.
5. Describe the training and education needed for each career.
6. Explain why you would be more successful in the first career than the second.
