

# Hardware Pros & Cons

*Directions:*

1. Using the Internet, library or any other available resources, research the various types of video game hardware (home systems, handheld devices, tablets and smartphones, personal computers).
2. Using your research, determine at least three pros and three cons for each. Include information on file formats, electronic file sharing, compatibility, etc..
3. Once you have gathered all information, develop a table detailing your findings and provide a short explanation on why you think your choices are either pros or cons.
4. Attach a citation sheet listing all sources used to your table.
5. Participate in a class discussion to share your findings with the class.
