

How It's Made

Directions:

1. Using the Internet, library or any other available resources, gather information and create a poster on the production process of any commodity not mentioned in the presentation. For example:
 - Pork
 - Bread
 - Potatoes
2. Describe how your commodity of choice makes it to the table, from production to consumption.
3. Be sure to include all processing, distribution and retail steps in order.
4. Be as detailed as possible.
5. Attach a citation sheet listing all sources used.
6. Present your poster to the class and be prepared to answer questions.
