

# Preschoolers Activity List Collage

## *Directions:*

1. Using the Internet, library or presentation, construct an organized activity list collage based on a preschooler's physical development.
2. The collage should have a section for each of the three age groups and include the following:
  - Title
  - Name of each age group
  - At least ten activity graphics per group
  - The name of each activity under the graphic
3. On the back of the collage attach a list of all your sources.
4. Display your collage in class.
