High-Risk Script

Directions:

For this *Project,* write a script outlining a scenario for a high-risk traffic stop.

1. Using the information from the presentation, create a scenario for a high-risk traffic stop which leads to a pursuit.

2. Develop a detailed script for a high-risk traffic stop between a law enforcement officer and a violator. Be sure to discuss specific techniques taken by the law enforcement officer.

3. Scripts should be three to four minutes long.

4. If time permits, participate in a class discussion to share your script with the class.
